Choosing the right PPE

Your safety is important, so we want to ensure you choose the right Personal Protective Equipment (PPE) for the tools you're working with. We have used the following symbols throughout this catalogue as a recommendation of the PPE we think you will need with each item. Your local branch can supply all of these items or visit www.travisperkins.co.uk.

Safety Helmets
Protection against overhead obstacles and moving objects

Eye Protection
A range of certified eye protection to EN 166B. Welding masks are supplied as standard with all welding equipment

Dust/Spray Mask
Full range available, from fabric nuisance to fine particle filter

Ear Defenders
Both general purpose ear defenders and earplugs

Residual Circuit Breakers
For safer use of all 240V electrical tools

Protective Gloves
In all styles and materials to suit the job

Protective Footwear
A range of styles and materials to suit the job and working conditions

Travis Perkins is committed to operating efficiently and supplying sustainable building and hire products to our customers.

Our 'Eco Range' products have been selected, as they have reduced environmental impacts such as reduced air emissions, dust management, noise reduction, fuel efficiency, reduced carbon emissions and the use of low carbon technologies.

Accidental Loss and Damage Waiver

Our Accidental Loss and Damage Waiver option gives you more protection and more peace of mind with everything you hire.

For an extra 15% of the hire cost, we'll take responsibility for any accidental damage or loss of an individual purchase to the value of £50,000*.

All non account contracts, where the total value of the equipment exceeds £5,000, will automatically have the Accidental Damage & Loss Waiver applied.

*Accidental damage and loss cover for individual items with a purchase value of £50,000 - £100,000 is charged at 20% of the hire rate. All claims are subject to a customer excess payment. Excess is calculated at 10% of the total claim value, with a minimum excess of £100 and up to a maximum of £500.

Mini Excavators

A tracked mini excavator which is suitable for all trenching work up to a depth of 2m.

- **Various bucket sizes available: 300mm, 450mm and 600mm**
- **Models available to dig up to 2044mm in depth**

Code	S218001	S218002*
Product Details	0.75t	1.5t
Decibel Level	90	94
Power	Diesel	Diesel
Operating Weight	950kg	1634kg
Dimensions	2310mm(H) x 700mm(W) x 2682mm(L) with dipper (1165mm (L) without)	2318mm(H), 980mm(W) x 3346mm(L) with dipper (1384mm (L) without)
First Day	£288.00	£307.20
Two Day	£384.00	£409.60
Week	£480.00	£512.00

Subject to trade terms where applicable *Shown

See page 4 for further details

Excavators

Range of tracked excavators available for moving large quantities of earth and materials on building sites and other applications.

- **Variety of bucket sizes**
- **Excavator training available, call 0344 892 3355 for more information**

Code	S267391	S267399	S267419	S267431
Size	3t Tracked	5t Tracked	8t Tracked	13t Tracked

The JCB 3CX Excavator is a Backhoe Loader. The design of this Excavator ensures access in confined areas and provides high bucket rotation.

Code	S683811
Power	Diesel
Dimensions	2350mm(W) x 2870m(H)
Max Ground Reach	7870mm
Max Digging Depth	5460mm

See page 4 for further details

Ravex Micro Exhaust Kit

The Ravex, innovative 'add-on' high temperature exhaust filter kit allowing mobile diesel plant to work safely inside.

- **Suitable for plant up to 15 tonne**
- **Quick release filter housing**
- **Filter sold separately (111175)**
- **Lightweight**
- **Fast installation time**

Code	S887450
Weight	18kg
Dimensions	430mm(L) x 250mm(W) x 300mm(H)

See page 4 for further details

Breakers for Excavators

Breaker attachments available for use with excavators up to 13 tonnes.

Code	S218008
Product Details	Breaker for 1.5t
First Day	£216.00
Two Day	£288.00
Week	£360.00

Subject to trade terms where applicable

Week	£480.00

Subject to trade terms where applicable

High tipping, narrow access dumpster which is 20 times more effective than using a standard wheelbarrow.

- **1450mm tip height**
- **500kg capacity**
- **Fits through a standard doorway**
- **Works well on difficult terrain and can be directly loaded by an excavator**
- **Wheelbarrow alternative for skip loading**

Code	S217907
Decibel Level	85
Power	Diesel
Weight	475kg
Dimensions	1100mm(H) x 690mm(W) x 1700mm(L)

First Day	£207.60
Two Day	£276.80
Week	£346.00

Subject to trade terms where applicable

See page 4 for further details

Dumpers

Range of 4-wheel drive, diesel powered dumpers suitable for moving materials around a range of job sites.

- **4-wheel drive**
- **Suitable for use on construction sites and large landscaping jobs**
- **Swivel action allows for use in tight locations**

See page 4 for further details

Code	S267485	S267499	S267503
Product Details	3t Swivel Diesel	6t Swivel Diesel	9t Diesel

Power Barrows

The power barrow is designed for loading and transporting with speed, greater flexibility and manoeuvrability.

- **Accommodate all kind of loads**
- **Usable on any terrain**
- **Can be used on various applications in construction as well as in landscaping and agricultural work**

See page 4 for further details

Sand & Cement available in branch

Wheelbarrow

NEW

Extra strong plastic HDPE Tray - HDPE is nonstick and easy to clean. Low noise loading of bricks and material. Ideal for urban use.

- **Extra wide profile tyre offers better use in sandy conditions**
- **Extra strong wheel is fitted with a needle bearing for enhanced performance**
- **Deep treaded tyre with extra inner tube alleviates possibility of punctures**
- **Stronger and larger wheel plate is adjustable for optimum balance**
- **Flat front tube for vertical storage**
- **Additional wear strip for extra endurance**
- **Heavy duty reinforced electroplated frame**
- **The whole wheelbarrow is ergonomically designed**
- **Never Leak Again foam filled tyre available**

Code	1899
Capacity	100 litres
Weight	17kg
Tray type	HDPE Plastic
Week	£16.00

Subject to trade terms where applicable

See page 4 for further details

Site Cement Mixers

A heavy-duty site mixer designed for prolonged site and rental use. Built to withstand the toughest conditions, these mixers are ideal for mixing larger batches of concrete and mortar.

- **Extra heavy-duty and robust chassis designed to withstand the worst site conditions**
- **Extra rigid and reinforced drum to prevent distortion**
- **Foot operated tip-lock and large tip wheel for added safety and control with large mixes**
- **Enhanced mixing performance with Quick Mix replaceable bolt in paddles**
- **Lockable stay cool engine compartment for security and lid down operation**

Code	S219905	S219904
Power	Diesel	Electric 110V
Product Details	6/4	6/4
Capacity	160 litres	160 litres

Plate Compactors - Single Direction

See page 4 for further details

A mid-weight professional compaction plate with low Hand/Arm Vibration and high performance compaction. Powerful compactor for compaction of soil, gravel, asphalt, block paving or lean mix concrete.

- **Low Hand/Arm Vibration design for longer safe usage times**
- **Patented Baseplate design for optimised speed and manoeuvrability**
- **Lightweight yet durable for easy transport**
- **Fitted with manual handling points**
- **High power 13kN vibration force**
- **Easy to operate and control, the baseplate does not dig in when dragged backwards or turned**

See page 4 for further details

Low Vibration Heavy Duty Breaker

Suitable for chiselling work in concrete, brick, masonry and asphalt. Resharpening charges apply.

- **Adjustable impact force can be matched to application and material**
- **Adjustable chisel position**
- **Design ensures optimum handling when working towards the ground**
- **Various points and chisels available in branch**

Code	S217652
Decibel Level	85
Vibration Level	5 m/s^2
Power	110V
Weight	12.5kg

First Day	Two Day	Week
£81.60	£108.80	£136.00

Subject to trade terms where applicable

See page 4 for further details

Medium Duty Breaker

Ideal for medium to heavy-duty chiselling jobs, demolition and corrective work on concrete. Resharpening charges apply.

- **Various points and chisels available in branch**

Code	S217649
Decibel Level	86
Vibration Level	6.5 m/s^2
Power	110V
Weight	7.9kg

First Day	Two Day	Week
£52.80	£70.40	£88.00

Subject to trade terms where applicable

See page 4 for further details

Light Duty Breaker

Light duty breaker suitable for moderate chiselling work on concrete or masonry, channelling and plaster removal. Resharpening charges apply.

- **Various points and chisels available in branch**

Code	S217648
Decibel Level	94
Vibration Level	10.1 m/s^2
Power	110V
Weight	5.7kg

First Day	Two Day	Week
£49.20	£65.60	£82.00

Subject to trade terms where applicable

See page 4 for further details

Hydraulic Breaker

High performance breaker for roadwork and demolition. Resharpening charges apply.

- **Breaks up to 200mm thick concrete**
- **Various points and chisels, bolsters and clay spades available in branch**

Code	S217638
Decibel Level	104
Vibration Level	4 m/s^2
Power	Petrol
Weight	69kg

First Day	Two Day	Week
£117.00	£156.00	£195.00

Subject to trade terms where applicable

See page 4 for further details

DONE AND DUSTED.

Hilti Harmonised Dust Removal Systems

Comply with H&S regulations and increase your productivity.

- Hire the Hilti harmonised system: Tool, attachment and vacuum
- Hilti attachments ensure the dust enters the vacuum
- Both our VC 20-U(M) and VC 40-U(M) are M class certified
- AirBoost filter technology blasts the vacuum filter clean every 15 seconds for consistently high suction performance

Diesel Compressors

Hire Extra

Larger sizes available on request

- **Road towing**
- **Quiet running**
- **Fuel efficient**
- **Portable**
- **Simple key start sequence**

Code	S219307	S219308
Product Details	Single Tool	Twin Tool
Decibel Level	99	99
Power	Diesel	Diesel
Weight	430kg	535kg

See page 4 for further details

Pneumatic Breakers

Hire Extra

Suitable for use on concrete, asphalt and frozen ground. Can also be used for trenching, tie-tamping, spike driving and general demolition.

- **Dust Extraction available - page 34**

Code	S342461*	S342463
Product Details	Medium Duty	Heavy Duty
Weight	28kg	32kg

Product Details	Breaker for 1.5t	Breaker for 3t	Breaker for 5t	Breaker for 8t	Breaker for 13t

See page 4 for further details

Diamond Drill Dry

For dry coring in brick, sand-lime block and aerated concrete.

- **Suitable for dry drilling only**
- **Vari-speed trigger ensures a clean start and finish**
- **Drill rigs available**

Code	S217620
Product Details	DD110-D
Decibel Level	84
Vibration Level	4.5 m/s^2
Power	110V
Weight	5.3kg
Drill	16-162mm (Hand-held dry)

First Day	Two Day	Week
£103.80	£138.40	£173.00

Subject to trade terms where applicable

See page 4 for further details

Dry Diamond Core Bits

Range of core bits available for use with dry diamond drills. Other sizes available.

- **Wear charges apply**

Dust extraction products available to hire.
See page 34

Diamond Core Drilling Rig

Powerful coring system for wet drilling in concrete for pipes, heating & air conditioning, cable trays and plumbing jobs.

- **Suitable for wet drilling only**
- **Extension bars are available**

Code	**S217621**
Product Details	DD200
Decibel Level	93
Vibration Level	2.5 m/s^2
Power	110V
Weight	15.3kg
Drill Diameter	12-450mm (Rig based wet)

First Day	Two Day	Week
£229.20	£305.60	£382.00

Subject to trade terms where applicable

See page 4 for further details

Combi Drill

- **Cordless**
- **Dust and drip proof**
- **LED job light**
- **Battery fuel gauge**
- **Drill bits available in branch**

Code	S218408
Decibel Level	96
Vibration Level	2.5 m/s^2
Power	22V x 5.2 Ah
Weight	2.6kg

First Day	Two Day	Week
£34.80	£46.40	£58.00

Subject to trade terms where applicable

See page 4 for further details

SDS Cordless Drill

SDS hammer for drilling concrete, stone, masonry and also metals and wood

- **Ideal when working away from power supply**
- **Versatile drill**
- **Drills holes up to 20mm in diameter in concrete**
- **Drill bits available in branch**

Code	S218415
Product Details	TE 6-A36
Decibel Level	91
Vibration Level	13 m/s^2
Power	36V x 5.2 Ah
Weight	3.7kg

First Day	Two Day	Week
£55.80	£74.40	£93.00

Subject to trade terms where applicable

See page 4 for further details

SDS Plus Hammer Drill

Hammer action drills all types of masonry and concrete with ease.

- **Drill bits available in branch**

Code	S217604
Decibel Level	92
Vibration Level	15.5 m/s^2
Power	110V
Weight	3kg

First Day	Two Day	Week
£39.00	£52.00	£65.00

Subject to trade terms where applicable

See page 4 for further details

Right Angle Drill

- **Ideal for drilling through joists or in restricted areas**
- **Drills, wood and metals**
- **Drills between floor joints**
- **Drill bits available in branch**

Code	S217609
Decibel Level	93
Vibration Level	2.5 m/s^2
Power	110V
Weight	3.7kg
Drill capacity	Metal - 13mm(Dia.). Wood - 27mm(Dia.)

First Day	Two Day	Week
£39.60	£52.80	£66.00

Subject to trade terms where applicable

See page 4 for further details

Impact Drill

Hammer for drilling soft masonry, metals and wood.

- **Versatile drill**
- **Drill bits available in branch**

Code	S217602
Decibel Level	109
Vibration Level	10 m/s^2
Power	110V
Weight	3kg
Drill capacity	Concrete - 20mm(Dia.), Steel - 13mm(Dia.)

First Day	Two Day	Week
£24.30	£32.40	£40.50

Subject to trade terms where applicable

See page 4 for further details

Heavy Duty Rotary Hammer Drill

Designed for drilling in concrete, stone and masonry as well as heavy chiselling in concrete. Resharpening charges applicable.

- **Various points, chisels and drills available in branch**

Code	S217631
Product Details	TE 80
Decibel Level	102
Vibration Level	7.5 m/s^2
Power	110V
Weight	9.7kg
Drill capacity	Concrete or Masonry - 40mm(Dia.), Concrete - 100mm breaking

First Day	Two Day	Week
£52.80	£70.40	£88.00

Subject to trade terms where applicable

See page 4 for further details

Medium Duty Rotary Hammer Drill

Suitable for light drilling/chiselling in concrete, stone and masonry.

- **Hammer drilling in concrete, masonry and natural stone up to 24mm**
- **Drill bits available in branch**

Code	S217625
Product Details	TE 40 AVR
Decibel Level	94
Vibration Level	10.7 m/s^2
Power	110V
Weight	5.6kg
Max Drill	24mm

First Day	Two Day	Week
£48.90	£65.20	£81.50

Subject to trade terms where applicable

See page 4 for further details

Light Duty Rotary Hammer Drill

Ideal for light/medium duty drilling in concrete, stone and masonry. Also suitable for light chiselling on brick, block or concrete.

- **Variable speed for screw driving with clutch for safety**
- **Drill bits available in branch**

Code	S217623
Product Details	TE 30-C AVR
Decibel Level	90
Vibration Level	12 m/s^2
Power	110V
Weight	4.2kg
Drill capacity	Wood - 32mm(Dia.), Concrete - 25mm(Dia.), Steel - 13mm(Dia.)

First Day	Two Day	Week
£48.90	£65.20	£81.50

Subject to trade terms where applicable

See page 4 for further details

Dust Extraction Unit

For use with a wide range of surface preparation equipment. Keeping dust to a minimum is critical or where hazardous or toxic debris is being collected.

- **Antistatic safe bagging system**
- **Not suitable for asbestos dust**

Code	S218104
Product Details	VC 20-U(M)
Decibel Level	71
Power	110V
Weight	13kg
Dust Capacity	21 litres
Hose	5m
Certificate	M

First Day	Two Day	Week
£105.00	£140.00	£175.00

Subject to trade terms where applicable

See page 4 for further details

Dust extraction regulations can be found on page 156

Large Paddle Mixer Drill

Ideal for mixing paints, mortar, resins, artex and plaster.

- **Quick and efficient for mixing large quantities of materials**

Code	S217614
Product Details	1200watt motor
Decibel Level	86
Vibration Level	2 m/s^2
Power	110V
Weight	5.3kg

First Day	Two Day	Week
£67.80	£90.40	£113.00

Subject to trade terms where applicable

See page 4 for further details

Magnetic Drill

Ideal for accurate drilling on site applications where safety is important and location is difficult i.e. high scaffolding and cutting girders.

- **Comes complete with safety strap/carabiner hook**
- **Designed to magnetically clamp to steelwork**

Code	S217617
Decibel Level	98
Vibration Level	3 m/s^2
Power	110V
Weight	10kg

First Day	Two Day	Week
£129.00	£172.00	£215.00

Subject to trade terms where applicable

See page 4 for further details

Cordless Gas Nailers

Cordless gas powered nailers for first and second fix wood to wood nailing.

- **Up to 1000 nails per hour**
- **Wide range of fixings available**
- **Ideal for battening, cladding, decking and skirting boards**

Code	S217708	S217709
Product Details	19-64mm nail length	51-90mm nail length
Decibel Level	128	95
Vibration Level	3 m/s^2	3 m/s^2
Power	Gas	Gas
Weight	2kg	3kg
First Day	£57.60	£57.60
Two Day	£76.80	£76.80
Week	£96.00	£96.00

Subject to trade terms where applicable

See page 4 for further details

Gas Stapler

See page 4 for further details

Heavy duty stapler for medium to heavy duty stapling applications.

- **Drives up to a maximum of 500 staples per hour**
- **Quick clear feature allowing for easy access to nose for reduced downtime**

Code	**S217713**
Power	110V
Weight	3kg

First Day	£32.40
Two Day	£43.20
Week	£54.00

Subject to trade terms where applicable

Cartridge Gun

See page 4 for further details

Powerful tool for inserting fixings into masonry, concrete or steel.

- **Infinite power regulation**
- **Wide range of cartridges and nails are available**
- **Range of nails up to 97mm**

Code	**S217702**
Decibel Level	105
Vibration Level	11 m/s^2
Weight	3.2kg
Fastener Length Range	12-72mm
Fastener Guide Type	Single or Magazine

First Day	**Two Day**	**Week**
£44.40	£59.20	£74.00

Subject to trade terms where applicable

Floor Porta Nailer

Secretly nails tongue and groove floors without damaging the wood. Also suitable for nailing decorative wall panelling, ceilings, subfloors, sheathing and roofing.

- **Easier than using a conventional hammer and nails**

Code	S217707
Product Details	40/50mm nail length
Weight	5kg

First Day	Two Day	Week
£37.80	£50.40	£63.00

Subject to trade terms where applicable

See page 4 for further details

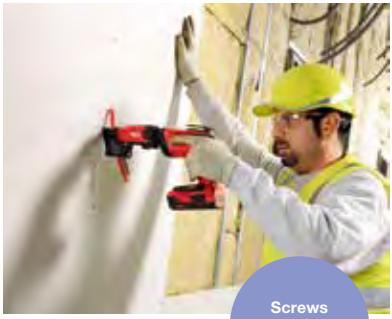
Autofeed Screwdrivers

Lightweight powered screwdrivers.

- **High revving making fixing quick and efficient**
- **Variable speed and reversing**
- **Autofeed for drylining fixing**

Code	S218402	S217704
Product Details	SD 5000-A22 with SMD 57 magazine - Cordless	SD 6000 with SMD 57 magazine - Corded
Power	22V x 5.2Ah	110V
Weight	2.1kg	1.4kg
First Day	£57.00	£59.40
Two Day	£76.00	£79.20
Week	£95.00	£99.00

Subject to trade terms where applicable



Screws available in branch

See page 4 for further details

Impact Wrench

Impact wrench suitable for construction and automotive applications.

- **Brushless motor**
- **Compact design allows easy use in tight corners**
- **3 gears for easy switching between different driving speeds and torques**
- **4 LEDs around the chuck illuminate the work surface**
- **Electronic variable speed control trigger and motor brake for precise starting and stopping**

Code	S217616
Product Details	Li-ion
Decibel Level	83
Power	14.4V x 3.3Ah
Weight	1.3kg

First Day	Two Day	Week
£40.20	£53.60	£67.00

Subject to trade terms where applicable

See page 4 for further details

Bullet

High Performance Screws

Stickfit connection for a one-handed fit

Locks on so you can drive on.

Bullet has the high-speed performance you need to take on any job, single-handed.

The Stickfit connection that tightly secures the bit on the screw head and high-performance thread with instant-bite tip makes one-handed operation easy and drives more screws for each charge.

Two Day	£55.20	£89.60	£48.00
Week	£69.00	£112.00	£60.00

Subject to trade terms where applicable

See page 4 for further details

Angle Grinder

Powerful machine easily cuts into concrete, stone, metal and brickwork. Wear charges may apply.

- **Can be fitted with a surface grinding wheel for facing and grinding**
- **230mm cut-off wheel**
- **Blades available in branch**

Code	S218248
Product Details	230mm
Decibel Level	90
Vibration Level	5 m/s^2
Power	110V
Weight	6.6kg

First Day	Two Day	Week
£28.20	£37.60	£47.00

Subject to trade terms where applicable

See page 4 for further details

Mini Grinder

Cuts and grinds masonry, concrete and metal. Wear charges may apply.

- **Powerful 1000W grinder**
- **Cordless version available for light duty applications**
- **Blades available in branch**

Code	S218245
Product Details	125mm
Decibel Level	90
Vibration Level	5.7 m/s^2
Power	110V
Weight	2.4kg

First Day	Two Day	Week
£21.00	£28.00	£35.00

Subject to trade terms where applicable

See page 4 for further details

Electric Cutter

Ideal for cutting materials such as reinforced concrete, granite curb stones, slabs, brick, masonry blocks or steel. Wear charges may apply.

- **Virtually dustless cutting when combined with a dust extractor**
- **Blades available in branch**

Code	S218206
Product Details	DCH300
Decibel Level	106
Vibration Level	5.1 m/s^2
Power	110V
Weight	10kg
Cutting Depth	120mm

First Day	Two Day	Week
£41.40	£55.20	£69.00

Subject to trade terms where applicable

See page 4 for further details

Cut 'n' Break Abrasive Saws

Ideal for use on window and door openings where you don't want over cutting at the corners. Wear charges may apply.

- **Blades available in branch**

Code	S218204	S218204
Decibel Level	112	95
Vibration Level	5 m/s^2	4 m/s^2
Power	2 Stroke	110V
Weight	11kg	10kg
Cutting Depth	400mm	400mm

Two Day	£112.00	£108.00
Week	£140.00	£135.00

Subject to trade terms where applicable

See page 4 for further details

Floor Saw

High powered, heavy duty petrol saw designed for cutting concrete and asphalt. Wear charges may apply.

- **Larger machines available on request**
- **Adjustable depth of cut**
- **Blades available in branch**

Code	S218231
Product Details	450mm
Decibel Level	105
Vibration Level	3 m/s^2
Power	Petrol
Weight	112kg
Cutting Depth	170mm

First Day	Two Day	Week
£118.80	£158.40	£198.00

Subject to trade terms where applicable

See page 4 for further details

Arbotech Allsaw

Safe and clean saw for cutting brick, mortar, soft stone, plastic, wood and composite materials. Wear charges may apply.

- **Suitable for re-pointing, repairs and cutting window and door openings**
- **Blades available in branch**

Code	S218251
Product Details	AS170
Decibel Level	92
Vibration Level	8 m/s^2
Power	110V
Weight	4kg
Cutting Depth	120mm

First Day	Two Day	Week
£96.00	£128.00	£160.00

Subject to trade terms where applicable

See page 4 for further details

Wall Chaser

Accurately cuts walls to allow easy, neat installation of pipework and cables. Wear charges may apply.

- **Blades available in branch**

Code	S218225
Product Details	Large
Decibel Level	104
Vibration Level	4 m/s^2
Power	110V
Weight	6kg
Chases	up to 40mm(D) x 30mm(W)

First Day	Two Day	Week
£104.40	£139.20	£174.00

Subject to trade terms where applicable

See page 4 for further details

Masonry Saw Benches

Powerful bench saw for cutting stone, bricks, blocks and large tiles quickly and efficiently. Wear charges may apply.

- **Water fed for faster cutting**
- **Blades available in branch**

Code	S218229	S218230
Decibel Level	97	108
Vibration Level	3 m/s^2	3 m/s^2
Power	110V	Petrol
Weight	80kg	203kg
Cutting Depth	135mm	195mm
First Day	£126.00	£126.00
Two Day	£168.00	£168.00
Week	£210.00	£210.00

Subject to trade terms where applicable

See page 4 for further details

Tile & Stone Saws

A rail mounted sliding cutting head enables easy cutting of larger tiles. Wear charges may apply.

- **Tile remains in a fixed position allowing very accurate cuts to be made**
- **Head moves to enable plunge cutting**
- **Blades available in branch**

Code	S218219	S218200
Decibel Level	84	87
Vibration Level	3 m/s^2	3 m/s^2
Power	110V	110V
Weight	34kg	134kg
Dimensions	440mm(W) x 1150mm(L) x 1240mm(H)	1480mm(L) x 660mm(W) x 1485mm(H)
Blade	200mm (Dia.)	350mm (Dia.)
Cutting Depth	62mm	110mm
First Day	£105.00	£106.80
Two Day	£140.00	£142.40
Week	£175.00	£178.00

Subject to trade terms where applicable

See page 4 for further details

Portable Tile Saw

Ideal for interior tiling. Wear charges may apply.

- **Fast, accurate and dust free**
- **Suitable for mitre cutting**
- **Cuts both ceramic and quarry tiles**
- **Blades available in branch**

Code	S218216
Decibel Level	71
Vibration Level	2 m/s^2
Power	110V
Weight	26kg
Dimensions	620mm(L) x 600mm(W) x 355mm(H)
Blade	250mm (Dia.)
Cutting Depth	55mm at 90°, 35mm at 45°

First Day	Two Day	Week
£69.30	£92.40	£115.50

Subject to trade terms where applicable

See page 4 for further details

Circular Saws

Robust saw for cutting wood or sheet materials. Wear charges may apply.

- **Fitted with parallel guide**
- **Precise straight, cross or mitre cuts**
- **Blades available in branch**

Code	S218330	S218330	S218410
Product Details	190mm	230mm	Cordless
Decibel Level	100	111	104
Vibration Level	2.5 m/s^2	2.5 m/s^2	1.2 m/s^2
Power	110V	110V	22V x 5.2Ah
Weight	5.3kg	7.8kg	3.9kg
Cutting Depth	67mm @ 90°	85mm @ 90°	57mm @ 90°
Blade	190mm(Dia.)	230mm(Dia.)	165mm(Dia.)
First Day	£33.60	£33.60	£34.80
Two Day	£44.80	£44.80	£46.40
Week	£56.00	£56.00	£58.00

Subject to trade terms where applicable

Dust Extraction Units available on page 34

See page 4 for further details

Reciprocating Saws

Versatile saw for cutting wood, plastic, sheet materials and steel piping. Wear charges may apply.

- **Ideal for use in awkward to reach areas**
- **Fast and accurate cutting**
- **Blades available in branch**

Code	S218328	S218412
Product Details	110v	Cordless
Decibel Level	100	93
Vibration Level	10 m/s^2	16 m/s^2
Power	110V	22V x 5.2Ah
Weight	4.5kg	3.8kg

First Day	£38.40	£39.60
Two Day	£51.20	£52.80
Week	£64.00	£66.00

Subject to trade terms where applicable

See page 4 for further details

Bench Top Cut Off Saw

High powered 356mm steel cut off saw designed for cutting steel or alloy tube, angle and plate.

- **Portable machine**
- **Blades available in branch**

Code	S218208
Product Details	356mm
Decibel Level	99
Vibration Level	4 m/s^2
Power	110V
Weight	18kg
Cutting Capacity	Pipe - 115mm, Shaped Steel - 115 x 130mm

First Day	Two Day	Week
£74.40	£99.20	£124.00

Subject to trade terms where applicable

See page 4 for further details

Jigsaws

Versatile saw for cutting accurate shapes or straight cuts in wood, metal, plastics or compressed boards.

- **Adjustable base plate angles**
- **Quick release tool-less blade changes**
- **Blades available in branch**

Code	S218320	S218411
Product Details	110v	Cordless
Decibel Level	84	5
Vibration Level	5 m/s^2	8 m/s^2
Power	110V	18V
Weight	3kg	2.4kg
First Day	£25.20	£24.60
Two Day	£33.60	£32.80
Week	£42.00	£41.00

Subject to trade terms where applicable

See page 4 for further details

Block/Stone Splitters

Accurately cutting concrete blocks, pavers, kerbstones and ordinary stones.

- **Cuts cleanly and accurately**
- **Guillotine action**
- **Trims and shapes blocks and uneven stones**
- **Cutting capacities up to 225mm thick x 600mm wide**

Code	S218240	S218241
Product Details	Manual	Hydraulic
Weight	35kg	99kg
Dimensions	900mm(L) x 370mm(W) x 610mm(H)	730mm(L) x 820mm(W) x 1040mm(H)
Cutting Depth	300mm(W) x 115mm(H)	650mm(W) x 235mm(H)
First Day	£42.60	£69.30
Two Day	£56.80	£92.40
Week	£71.00	£115.00

Subject to trade terms where applicable

See page 4 for further details

Genie Lift - Fork Extentions

Hire Extra

NEW

Utilise your material lift for a number of applications by teaming it up with this useful accessory. Fit the extension fork over standard forks to lift bulkier loads.

Code	1402
Dimensions	80mm(H) x 760mm(L) x 50mm(W)
Weight	4kg

See page 4 for further details

Plasterboard Lifters

Plasterboard available in branch

Used to hold all boards securely in position for fixing.

- **Easy to transport and assemble**
- **Simple to use**

Code	S218712	S218713
Product Details	Adjustable	Fixed
SWL	75kg	20kg
Weight	38kg	23kg
First Day	£86.40	£56.40
Two Day	£115.20	£75.20
Week	£144.00	£94.00

Subject to trade terms where applicable

See page 4 for further details

Pallet Truck

Hydraulic pallet truck. Pallet trucks are one of the most popular forms of materials handling equipment. They offer an excellent lifting solution for both light and heavy loads.

- **Other sizes available, ask in branch for details**

Code	S218716
SWL	2000kg
Weight	85kg

First Day	Two Day	Week
£46.80	£62.40	£78.00

Subject to trade terms where applicable

See page 4 for further details

All Terrain Pallet Truck

All terrain pallet truck suitable for moving palletised loads across rough or uneven grounds.

- **Ideal for transporting pallets of different sizes**
- **Ideal across rough or uneven ground**
- **Powered version available, ask in branch for details**

Code	S218718
SWL	1500kg
Weight	195kg

First Day	Two Day	Week
£105.60	£140.80	£176.00

Subject to trade terms where applicable

See page 4 for further details

Block Transport Cart

For the effortless transportation of bound or loose pavers, kerb stones and slabs.

Code	S218720
SWL	400kg
Gripping Widths	550-1050mm
Block Height	900mm
Weight	68kg

First Day	Two Day	Week
£78.00	£104.00	£130.00

Subject to trade terms where applicable

See page 4 for further details

High Lifting Table

Ideal for general workshop use for lifting heavy or awkward items to a convenient working height.

- **Foot operated lifting pedal**
- **Hand operated lowering lever**
- **Strong steel design**

Code	S218719
Product Details	High Lift
SWL	300kg
Weight	118kg

First Day	Two Day	Week
£33.00	£44.00	£55.00

Subject to trade terms where applicable

See page 4 for further details

Conveyor

For effectively moving materials such as stone, aggregate, soil and concrete in restricted areas.

- **Can be used up to 45° incline**
- **Lightweight units can be easily manoeuvred by one person**

Code	S218703
Product Details	4.5m
SWL	150kg

Telehandler Fork Extensions

Attachments for Telehandlers and Forklifts increase the productivity of your telehandler with these simple, easy to install attachments.

Code	342100

Hire Extra

NEW

See page 4 for further details

Telehandler Tipping Skip

Attachments for Telehandlers and Forklifts increase the productivity of your telehandler with these simple, easy to install attachments.

- **Automatically locks/unlocks from behind fork heels**
- **No chain required**
- **Driver always in the safety of the cab**
- **Controlled tipping from within the cab**
- **Low maintenance**

Code	S342108
Capacity	1250 litres
Length	1900mm
Width	1320mm
Height	970mm
Max SWL	2000kg
Unladen Weight	250kg

Hire Extra

See page 4 for further details

Forklift

For onsite lifting, easy manoeuvrability and fast hydraulics for fast precise loading.

Code	**S267513**
Load Capacity	2500kg
Lift Height	3250mm
Width	1150mm
Power	Diesel

See page 4 for further details

Gas Forklift

NEW

Gas powered trucks are generally quieter in use than diesel forklifts and their exhaust fumes are less harmful when compared with diesel fumes, allowing use of a gas forklift truck inside with good ventilation.

Code	**S547691**
Load Capacity	2T – 2.5T
Lift Height	3000mm to 6000m
Width	1150mm
Power	Gas

See page 4 for further details

Fork Sleeve Attachment

Increase the productivity of your forklift with this simple, easy to install attachment.

Code	**S218731**
SWL	2000kg
Weight	52kg

First Day	Two Day	Week
£54.00	£72.00	£90.00

Subject to trade terms where applicable

Trench Sheets

Primary use is for ground support and trench work. Used by ground workers and utilities to provide a safe working environment in various excavations.

Code	**S203201**
Height	2-5m
Weight	11.3kg/m
Width	330mm
Depth	34.5mm

See page 4 for further details

Trench Sheet Extractor

This unit is designed to locate over the end of the trench sheet and is secured by means of a pin inserted through the pre-drilled hole in the sheet. The integral shackle can then be attached to any suitable machine and the trench sheet withdrawn safely minimising the chance of damage.

Code	**343383**
Dimensions	430mm x 170mm x 65mm
Weight	9kg
Safe Working Load	2000kg

See page 4 for further details

Trench Struts

Various lengths available

Designed to brace the sides of a trench.

- **Strong construction**
- **Fully adjustable**
- **Provides support for trench sheets and shuttering**

Code	**1181**
Week	£12.00

Subject to trade terms where applicable

See page 4 for further details

Strongboy Support

Supports walls to enable you to safely and easily fit a replacement lintel, RSJ or beam.

- **Drive the blade into a mortar joint to provide support while you work**
- **Use with a single prop**
- **Support spans up to 900mm**

Code	**2497**
Weight	5kg
Week	£23.00

Subject to trade terms where applicable

See page 4 for further details

Roadforms

A simple form of shuttering which is normally used for concrete slabs or floors.

Code	**S210207**	
Various sizes available:		
Height	**Length**	**Weight**
100mm	3m	20kg
150mm	3m	23kg
200mm	3m	30kg
250mm	3m	32kg
300mm	3m	37kg

See page 4 for further details

Steel Props

Diesel Bowsers

Smaller sizes available

Recommended for refuelling of site equipment.

- **Fully bunded**

Code	S342544	S342545	S342548	S342549
Product Details	250G Site Tow	250G Highway Tow	500G Site Tow	500G Highway Tow

See page 4 for further details

Water Bowsers

Each is fully towable for easy manoeuvrability both on the public highway as well as on site. They're perfect for sites without mains water facilities.

Code	219811
Product Details	250G Site Tow

See page 4 for further details

Fence Panels

Fence panels provide an effective deterrent against theft and vandalism.

- **Strong close mesh for added security**
- **Stable, wind resistant design**
- **Quick and easy to erect**
- **Anti-climb (K2)**

Code	5900	5907
Product Details	Fence Panel	Hoarding Panel
Weight	19kg	12kg
Dimensions	3500mm(L) x 2000mm(H)	2.1 x 2.0m
Week	£11.00	£10.00

Subject to trade terms where applicable

See page 4 for further details

Pedestrian & Vehicle Gates

Fence gate that provides access to secure areas. Rapid assembly on site. Gates simply slot into base units then bolt together with the adjacent panel.

Code	5910	5903
Product Details	Hoarding Pedestrian Gate	Security Fence Gate
Dimensions	2.1 x 1.0m	1.1 x 2.0m
Week	£20.00	£9.00

Subject to trade terms where applicable

See page 4 for further details

Hoardings

Ideal for concealing building sites and other areas from the general public. They are also great for keeping pedestrians safe.

Code	343345
Material	Galvanised Steel
Dimensions	2m(L) x 2m(H) x 0.5mm(W)

See page 4 for further details

Acoustic Curtains

Soundex 'H' type Acoustic Curtains can be used for suspending of HERAS fencing or scaffolding for internal and external applications. Three 'H' type curtains are required for each standard fence panel.

- **Lightweight**
- **High Acoustic efficiency, up to 32 dB reduction**
- **Water resistant**
- **Fire resistant**
- **Velcro connectable available**

Code	111176

Acoustic Booths

- **Up to 32.9 dB reduction in noise**
- **Can be hung from any portable and removable barriers**
- **Quick erection and easily transportable**

Code	111177

Acoustic Enclosure

A 2.5m square enclosure with acoustic walls and roof. Easy to erect and, with optional castors, easily moved around site.

- **H20-Tech® waterproof technology**
- **Up to 32.3 dB reduction in noise**
- **Can be installed within 15 minutes**
- **Industrial robust aluminium or GRP construction**

Code	JF4833

Gas Compound

Hire Extra

NEW

See page 4 for further details

A robust, versatile high security cage, ideal for storing gas cylinders or expensive equipment.

A unique innovative design allows it to fold down to just 1800mm in seconds, without removing or detaching any parts.

Code	343347
Dimensions	1800 x 1200 x 1200mm
Weight	120kg
Safe Working Load	Stores up to 9 x 47kg Gas Bottles

Road Plates

Hire Extra

See page 4 for further details

Road Plates may be required to bridge excavations in order to open the carriageway to traffic.

Code	343350
Product Details	Road Barrier Base Plate

Kerb Ramps

See page 4 for further details

Easily portable ramps to allow vehicles to mount kerbs.

Code	S210207
Dimensions	1050 x 680mm
Weight	12kg
Safe Working Load	750kg

Pedestrian Walkboards

These boards are perfect for areas that will only see pedestrian traffic that need covering up with no fuss and no hassle.

Code	S210207
Width	800mm
Length	1400mm
Weight	44kg

See page 4 for further details

Track Mats

These lightweight mats are extremely robust with hand cut-outs and quick fit connectors to make your job easier.

Code	S178011
Width	1130mm
Height	13mm
Length	2440mm
Weight	39kg

See page 4 for further details

Pedestrian and Traffic Control

Reflective traffic cones and barriers to restrict access or warn pedestrians and motorists of potential hazards.

- **Conforms to Chapter 8 of New Roads & Street Works Act 1991**
- **Barriers supplied in 2m and 3m sections**
- **Easy to erect and dismantle**

Code	1302	1320	1300	5906
Product Details	Barrier Upright	Road Cones	Road Barriers	Pedestrian Crowd Barrier (Fixed leg) - 2.3(L) x 1.1(H) m
Week	£6.00	£9.00	£14.00	£8.00

Subject to trade terms where applicable

See page 4 for further details

Traffic Lights

For use where temporary traffic management is required.

- **Other options available, ask in branch for details**

2 way radio controlled:

- **Range up to 3km**
- **24 channels**
- **Rechargeable - 11 hour use**

Dumpy Level

Precision instrument suitable for site surveying when a high degree of accuracy is needed.

- **Reliable and durable**
- **Supplied with tripod and graded staff**
- **Simple operation**
- **Impact resistant**
- **Water and dust-tight**

Code	S220607
Magnification	28x
Shortest target distance	0.65m
Weight	1.8kg

First Day	Two Day	Week
£61.20	£81.60	£102.00

Subject to trade terms where applicable

See page 4 for further details

Pipe Laser

For use when installing underground pipes that require a specific fall and alignment.

- **Will fit into 100mm/4" pipes**
- **Waterproof**
- **Li-ion battery powered**
- **Remote control**
- **Versatile - can be used in above ground setups**

Code	**S220612**
Power	Battery
Weight	3.8kg

See page 4 for further details

Electronic Theodolite

- **5" accuracy**
- **Through-the-scope laser pointer**
- **Dual displays**
- **Detachable triback**
- **Rechargeable battery**
- **Comes with charger, case and accessories**
- **Angle measurement accuracy (DIN 18723) 5 arcsec**
- **Laser plummet accuracy 1.5mm at 1.5m**
- **Magnification 30x**

Code	**S220611**

Basic Total Station

See page 4 for further details

For setting out control measurements in position and elevation, in civil, structural or landscaping works.

- **Large alphanumeric keypad with high-resolution LCD display**
- **User friendly, powerful instrument software**
- **Distance measurement to glass prisms for maximum range and highest accuracy**
- **Wireless communication**

Code	**S220613**	
Distance Measurement	Up to 500m	
Power	Battery	
Weight	5kg	
First Day	**Two Day**	**Week**
£165.00	£220.00	£275.00

Subject to trade terms where applicable

Site Security Boxes

See page 4 for further details

Provides a weatherproof, on-site storage for tools, protecting them from thieves and unauthorised users.

- **Sturdy construction**
- **Strong lock**
- **Weatherproof and rust resistant**

Code	S220705	S220706
Product Details	Medium	Large
Weight	80kg	173kg
Dimensions	1275mm(L) x 675mm(D) x 665mm(H)	1400mm(L) x 800mm(W) x 1240mm(H)
First Day	£42.60	£42.60
Two Day	£56.80	£56.80
Week	£71.00	£71.00

Subject to trade terms where applicable

Site Stores

Full steel, secure storage containers.

- **Hardwood floors**
- **Swing cargo doors**
- **Comes with racking or shelving if required**

Code	S344154	S344155	S344156	S344157	S344158	S344159
Dimensions	10' x 8'	12' x 8'	16' x 8'	21' x 9'	24' x 9'	32' x 10'

Subject to trade terms where applicable

Container Ramps

See page 4 for further details

Allows safe lifting and loading without fixed loading bay facilities.

Code	S211118
Width	747mm
Length	1265mm
Weight	6kg

Site Canteens

Steel accommodation unit that is ideal for use on sites where temporary accommodation and cooking facilities are required.

- **Can be supplied with oil filled radiators, water heater, worktops, sink unit, cooker and fridge**

Code	S344121	S344122	S344123	S344124	S344125	S344126
Dimensions	10' x 8'	12' x 8'	16' x 8'	21' x 9'	24' x 9'	32' x 10'

Subject to trade terms where applicable

Site Offices

Secure steel portable office range combining the strength and security of steel, whilst giving the space and comfort of more traditional portable offices.

Code	S344111	S344112	S344113	S344114	S344115	S344116
Dimensions	10' x 8'	12' x 8'	16' x 8'	21' x 9'	24' x 9'	32' x 10'

Subject to trade terms where applicable

2 + 1 Site Toilet

This anti-vandal toilet is configured with 2 cubicles on one side as well as a separate private toilet cubicle on the other.

Code	288373
Dimensions	12' x 9'

Subject to trade terms where applicable

Eco Welfare Unit

- **Includes toilet, office and 8 man canteen**
- **12v back-up generator**
- **LED lighting**
- **Low CO_2 emissions**
- **Dimensions 24' x 9'**

Code	938025

Subject to trade terms where applicable

Eco Shower Unit

Ideal for use as an emergency decontamination point or routine shower for sites of 1-4 people.

- **Hot & cold**
- **Solar powered**
- **15 gallon capacity**
- **Can be used as emergency shower point**
- **Dimensions 8' x 8'**

Portable Solar Toilet

- **All power from solar**
- **Hot and cold water**
- **Heating and lighting**
- **Hot air hand dryer**
- **No generator**
- **Dimensions - 8' x 5' and 21' x 9'**

Low CO_2 Emissions

Portable Eco Welfare Unit

- **Includes canteen, toilet and drying area**
- **Solar powered**
- **PIR lighting**
- **B-rated EPC**
- **6 or 10 man options available**
- **Dimensions 6 man 14' x 8', 10 man 17' x 7'**

Code	**937670**

Subject to trade terms where applicable

Generator Free Eco Welfare Unit

Designed for remote locations or sites without electricity and water.

- **Includes toilet, shower, office and 8 man canteen**
- **Solar powered**
- **Heat & smoke detection**
- **Oil filled radiators**
- **12V sockets and usb plugs**
- **Reduces CO_2 emissions by up to 88%**
- **Dimensions 24' x 9'**

Mobile Welfare Unit

Ideal for a whole multitude of site environments by the very nature of its all inclusive design which brings transport and site welfare facilities together in one solution.

Code	**517424**
Dimensions	16 x 7ft / 5 x 2m
Dry Weight	2100kg
Water Tank Capacity	90 litres/ 20 gallons
Fuel Tank Capacity	72 litres / 16 gallons
Waste Tank Capacity	18 litres/ 4 gallons
Layout	Canteen/WC
Capacity	7 persons
Cubicle	1

Subject to trade terms where applicable

Portable Toilet

Hire Extra

Range of portable toilet units available for use on building sites, outdoor events or other locations where temporary toilet facilities are required.

- **Mains fed and self contained units available**
- **2 week minimum hire**

Code	**S288352**
Dimensions	4' x 4'

Heating, Drying & Ventilation

Heaters	98
Extractors	99
Dehumidifiers	100
Air Conditioning	100

@TravisPerkinsCo

facebook.com/TravisPerkinsCo

Infrared Heater

Provides localised heat. Ideal for offices, shops, draughty locations and for drying out damp walls.

- **Heat/energy is only released when it detects a solid mass**
- **Fume-free**
- **Fitted with wheels for ease of transportation**
- **If extension lead required, use maximum of 1 x 14m**
- **Only use 110V with 3kVA Continuous Vented Transformer – see page 109**

Code	S219208
Product Details	2 x 1.4kW Infrared Elements
Dimensions	500mm(L) x 460mm(W) x 1000mm(H)
Power	110V / 240V
Weight	14kg

First Day	Two Day	Week
£69.60	£92.80	£116.00

Subject to trade terms where applicable

See page 4 for further details

Ceramic Heater

Produces a radiant heat with no glare.

- **Suitable for use in offices**
- **Heat/energy is only released when it detects a solid mass**
- **If extension lead required, use maximum of 1 x 14m**
- **Only use 110V with 3kVA Continuous Vented Transformer – see page 109**

Code	S219210
Product Details	2 x 1.4kW Ceramic Elements
Dimensions	385mm(H) x 260mm(W) x 115mm(D)
Power	110V / 240V
Weight	6kg

First Day	Two Day	Week
£44.10	£58.80	£73.50

Subject to trade terms where applicable

See page 4 for further details

Gas Fired Space Heaters

These highly efficient, compact, robust, fully portable heaters are best for places that need large volumes of warm air, such as factories, warehouses, loading bays, construction sites, concrete batching plants and farm buildings, which have plenty of natural ventilation.

Code	S219215	S219216
Product Details	125,000 btu - For Rooms up to 916m^3	250,000 btu - For Rooms up to 1,930m^3
Dimensions	610mm(L) x 325mm(W) x 515mm(H)	878mm(L) x 450mm(W) x 579mm(H)
Power	110V / 240V	110V / 240V
Weight	13kg	25kg
Fuel Consumption	2.95kg/h	6.4kg/h
Decibel Level	79	77
First Day	£84.00	£100.20
Two Day	£112.00	£133.60
Week	£140.00	£167.00

Subject to trade terms where applicable

Ravex Micro Exhaust Kit

The Ravex, innovative 'add-on' high temperature exhaust filter kit allowing mobile diesel plant to work safely inside.

- **Suitable for plant up to 15 tonne**
- **Quick release filter housing**
- **Filter sold separately (111175)**
- **Lightweight**
- **Fast installation time**

Code	**S887450**
Weight	18kg
Dimensions	430mm(L) x 250mm(W) x 300mm(H)

Subject to trade terms where applicable

See page 4 for further details

Fume Extractor

Extractor for cooling, ventilation and fume extraction.

- **Supplied with up to 15m of ducting**
- **Additional hose available**

Code	**S218102**
Product Details	Up to 3250m^3/h Flow Rate
Decibel Level	70
Power	110V
Diameter	410mm(W) x 500mm(D) x 420mm(H)
Weight	12kg

First Day	Two Day	Week
£88.20	£117.60	£147.00

Subject to trade terms where applicable

Ideal for use with Welders see page 139

See page 4 for further details

Dust Extraction Unit

A self-contained mobile dust filtration unit designed to capture and filter dust from a wide range of tasks and applications found on construction sites.

- **Anti-static safe bagging system**
- **Not suitable for asbestos**

Code	**S218104**
Product Details	Hilti VC 20-U(M)
Decibel Level	71
Power	110V
Weight	13kg
Dust Capacity	21L
Hose	5m
Certification	M

First Day	Two Day	Week
£105.00	£140.00	£175.00

Subject to trade terms where applicable

See page 4 for further details

Dehumidifiers

Quickly and efficiently dries out buildings.

- **Suitable for drying out areas after flooding or burst pipes**
- **Larger machines can extract up to 30 litres of moisture in 24 hours**
- **EC085 is insurance rated**

Large-EC150

- **Only use a 3kva Continuous Vented Transformer - see page 109**

Code	S219219	S219220	S219221

Waste Management

Skips	103
Hippobags	104
Bins	105
Road Sweeper	105
Skip Loading Ramp	106
Forklift Tipping Skip	106

@TravisPerkinsCo

facebook.com/TravisPerkinsCo

We can manage all your waste needs.

With an experienced Waste Management team, we make it fast and easy to source the right waste management solution. Our service gives you the confidence that your building waste will be handled in line with industry regulations and your own requirements.

- We supply skips from 2 to 40 yards, as well as bin and bagged waste collections.
- Our range of services can accommodate all waste types, including hazardous wastes.
- Travis Perkins dedicated waste management team ensures you get the right service, wherever you are working in the UK.

To get a quick quote for your skip, or to discuss your waste disposal requirements
Call: 0344 892 1873 or
Email: wastemanagement@travisperkins.co.uk

Travis Perkins is a registered Waste Carrier and Broker - Registration Number CBDU165096.

Skips

Suitable for almost any general and non hazardous waste requirements, range of sizes available as well as wait and load services, tipper vehicles and roll on roll off skips.

- **Road permitting service available**
- **Lights available**

Size	2-6 yards (approx 20-50 black bin bags)	8-14 yards (approx 60-80 black bin bags)
Suitable for:	Low to medium volume waste projects such as kitchens, bathroom or shop refits and small building projects. Suitable for most waste including heavy waste.	For larger projects and commercial work Not suitable for heavy waste such as soil.

Grab Service

Grab hire can be a versatile answer to waste recycling and disposal. The crane makes a great alternative to manual loading, and can really help to speed things along. Suitable for large scale projects for disposal of soil, muck away, hardcore, site waste and aggregates.

Roll On Roll Off Skips

Available as open/enclosed and compactor bins.

Size	Up to 15-40 yards
Suitable for:	Large industrial jobs such as building waste, packaging waste and recyclables such as cardboard, paper, wood, metals and plastics.

Wait and Load Service

No skip hire permits required, ideal for shop-fitters, property developers, builders and contractors in urban locations where disposing of waste is highly restrictive. Options available from caged vehicles up to 40 yard tipper vehicles.

This option is suitable for sites where a skip permit may be difficult to obtain or on sites where waste disposal is highly restrictive.

Size	Up to 40 yards
Suitable for:	Shop fitters, property developers, builders and contractors on urban sites.

Hippobags

You can position it up to 4m from the roadside and start filling it straight away.

All common waste types accepted; but if you have any further queries, please email us at:

wastemanagement@travisperkins.co.uk

Bags can be collected from behind walls and fences provided they are less than 6ft tall and we can gain access to the bag.

You don't even need to be present for collection provided that access is available to the bag.

Bags available to buy in branch

Midibag

- **1 cubic yard**
- **90 x 90 x 90cm**
- **Holds up to 1 tonne**
- **Ideal for household, garden and general building waste**
- **Perfect for the segregation of waste on larger building sites**

Size	**1 yd^3 90cm x 90cm x 90cm**
Weight Allowed	1 tonne

Megabag

- **1.5 cubic yards**
- **180 x 90 x 70cm**
- **Holds up to 1.5 tonnes**
- **Takes an entire bathroom suite**

Size	**1.5 yd^3 180cm x 90cm x 90cm**
Weight Allowed	1.5 tonnes

Hipposkip

- **4.5 cubic yards**
- **210 x 165 x 100cm**
- **Holds up to 1.5 tonnes**
- **Ideal for bulky, light waste - will contain the waste from a standard kitchen rip-out**

Size	**4.5yd^3 210cm x 165cm x 100cm**
Weight Allowed	1.5 tonnes

Wheelie Bins

Suitable for general waste, dry mixed recycling, paper, card, plastic, food waste and compactable building waste. Not suitable for heavy or hazardous waste. Minimum hire period applies.

Size	240 Litres	1100 Litres
Height	1.10m	1.37m
Width	0.60m	1.28m
Depth	0.75m	0.98m

Front End Loaders

Front End Loaders are lockable steel bins with easily operated lids, providing significant accessibility advantages. These are static bins and are not easily moved without industrial lifting equipment. Designed for significant volumes of waste, Front End Loaders are suitable for General Waste, Dry Mixed Recycling, Paper, Card, Plastic and Compactable waste on a scheduled collection round. Not suitable for heavy or hazardous waste. Minimum hire period applies.

Capacity	350kg - 400 kg limit - Around 50 black bags	350kg - 400kg limit Around 50 black bags
Dimensions	6.1 Cubic metre FEL (2.45 x 1.87 x 1.89)	4 Cubic metre FEL (1.96 x 1.87 x 1.89)

Hazardous Waste

For all specialised and hazardous waste, e.g. plasterboard, asbestos, oils, sharps, aerosols, tube lighting, paint and W.E.E.E.

Waste Safe Mini | Waste Safe

Product Details	Waste Safe - for a range of segregated hazardous waste	Waste Safe Mini - for mixed hazardous waste
Capacity	560 litre - batteries, 800 litre - solids, 1,000 litre - liquids	25kg weight limit
Dimensions	1000mm(L) x 1200mm(W) x 1340mm(H)	400mm(L) x 600mm(W) x 370mm(H)

Road Sweeper

For cleaning and tidying up roads and flat areas on construction sites. Vehicle hire or full service including driver hire available.

Skip Loading Ramp

The skip loading ramp provides a safe alternative to using scaffold boards or planks of wood as a ramp into a skip using a wheelbarrow.

- **The wheelbarrow's wheel fits within a recessed channel, which provides stability**
- **Lightweight and sturdy**

Wheelbarrows available in branch

Code	**1658**
SWL	300kg
Dimensions	3000mm(L) x 600mm(W)
Weight	38kg
Week	£55.00

Subject to trade terms where applicable

See page 4 for further details

Forklift Tipping Skip

Forklift tipping skips are an ideal method of removing waste from production areas by utilising fork lift trucks.

Code	**342108**
Product Details	Forklift Tipping Skip
Height	580mm
Width	1560mm
Weight	1295kg
Length	1800mm
Volume	1500L

CFM Vacuum

For use with a wide range of surface preparation equipment including planers, grinders and shotblasters.

- **Suitable for vacuum cleaning and source extraction from handheld power tools (with up to 5" suction casings)**
- **Sturdy, lightweight and portable**
- **Order with a plastic bag (DC 2900c) or a steel container**
- **Ideal for use with sharp items such as metal chips**

Code	S218105
Decibel Level	79
Vibration Level	3 m/s^2
Capacity	60 litres
Power	110V
Weight	68kg

First Day	Two Day	Week
£111.00	£148.00	£185.00

Subject to trade terms where applicable

See page 4 for further details

Floor Planers

Ideal for the removal of coatings, creating anti-slip surfaces and for preparing substrates on concrete, steel and asphalt surfaces. Wear charges apply.

Code	S220208	S220207
Product Details	200mm Wide Drum	200mm Wide Drum
Decibel Level	90	90
Vibration Level	10 m/s^2	10 m/s^2
Power	Petrol	110V
Weight	46kg	46kg
Dimensions	365mm(W) x 970mm(H)	365mm(W) x 970mm(H)
First Day	£147.00	£144.00
Two Day	£196.00	£192.00
Week	£245.00	£240.00

Subject to trade terms where applicable

See page 4 for further details

Handheld Concrete Planer

Dry cutting diamond wheel for planing without a water feeding system. Wear charges apply.

- **Dust bag for clean operation**

Code	S220201
Product Details	110mm (Dia.) Grinding Head
Decibel Level	90
Vibration Level	5.7 m/s^2
Power	110V
Weight	2.4kg
Dimensions	418(L) mm
Cutting Capacity	Planing depth of 2.5mm per pass

First Day	Two Day	Week
£79.20	£105.60	£132.00

Subject to trade terms where applicable

See page 4 for further details

Handheld Surface Scabbler

Multi-purpose Scabbler for cleaning, keying and preparing internal/external walls and floor surfaces. Wear charges apply.

- **Ideal for stripping exterior facades, refurbishment of plaster and keying cellar walls**
- **Can also be used for taking off floor paints**

Code	S220205
Product Details	150mm (Dia.) Head
Decibel Level	79
Vibration Level	81 m/s^2
Power	110V
Weight	6kg

First Day	Two Day	Week
£72.00	£96.00	£120.00

Subject to trade terms where applicable

See page 4 for further details

Dust Extraction Unit

For use with a wide range of surface preparation equipment, keeping dust to a minimum is critical or where hazardous or toxic debris is being collected.

- **Anti-static safe bagging system**
- **Three powerful motors**
- **Not suitable for asbestos dust**

Code	S218104
Product Details	Hilti VC 20-U(M)
Decibel Level	71
Power	110V
Weight	13kg
Dust Capacity	21 litres
Hose	5m
Certified	M

First Day	Two Day	Week
£105.00	£140.00	£175.00

Subject to trade terms where applicable

See page 4 for further details

DC Aircube 2000

- **Minimises airborne dust that is hazardous to your health, e.g. silica dust**
- **Good complement to source extraction and suction casings on construction sites**
- **Variable speed transmission to save energy**
- **High effective ECO-fan with less energy consumption**
- **Low sound level**
- **Washable stainless steel filter housing**
- **Filter indication lamp that is lit when it's time to change the filter**
- **Trouble-free filter change (cartridge air filter) for easy service**

Code	218108
Power	110V

First Day	Two Day	Week
£138.00	£184.00	£230.00

Subject to trade terms where applicable

See page 4 for further details

DC Aircube 500

The DC Aircube is designed to improve the general site air quality and as a complement to source extraction.

- **Hook it up to electricity and have it cleaning the air, day and night**
- **Air is filtrated continuously by the large area HEPA filter.**

Code	218109
Power	110V

First Day	Two Day	Week
£58.20	£77.60	£97.00

Subject to trade terms where applicable

See page 4 for further details

Centrifugal Pump

A pump that is versatile enough to cope with most water pumping jobs. Ideal for emptying swimming pools, foundations and flooded areas.

- **Supplied complete with 6m suction hose and strainer**
- **Petrol and diesel engines available**
- **Extra hose available**
- **Lightweight**
- **Portable**

Code	S219806	
Product Details	620 Litres/Minute Pump Speed	
Decibel Level	82	
Power	Petrol	
Weight	24kg	
Dimensions	362mm(L) x 468mm(W) x 415mm(H)	
First Day	**Two Day**	**Week**
£66.00	£88.00	£110.00

Subject to trade terms where applicable

See page 4 for further details

Diaphragm Water Pumps

Capable of pumping muddy water, sludge and solids.

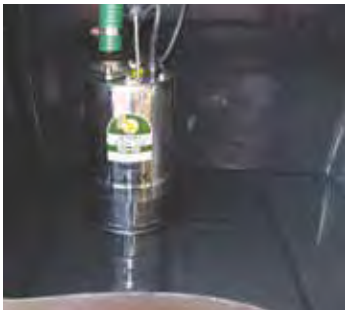
- **Provides continuous drainage of excavations**
- **Supplied with 6m inlet and outlet hoses**

Code	S219808	S219809
Product Details	189 Litres/Minute Pump Speed	1515 Litres/Minute Pump Speed
Decibel Level	85	82
Power	Petrol	Diesel
Weight	59kg	73kg
Dimensions	1000mm(L) x 580mm(W) x 590mm(H)	675mm(L) x 505mm(W) x 570mm(H)
First Day	£83.40	£119.70
Two Day	£111.20	£159.60
Week	£139.00	£199.50

Subject to trade terms where applicable

See page 4 for further details

Residue Submersible Pump



Fully submersible electric pump will reduce water levels to within 2mm of the floor level.

- **Maximum head 11m**

Code	S219805	
Product Details	180 Litres/Minute Pump Speed. 25mm x 6m Outlet Hose	
Decibel Level	65	
Power	110V	
Weight	15kg	
Dimensions	167mm(L) x 167mm(W) x 370mm(H)	
First Day	**Two Day**	**Week**
£67.80	£90.40	£113.00

Subject to trade terms where applicable

See page 4 for further details

Submersible Pump

Ideal for emptying deep clear water from drains, wells, basements and swimming pools.

- **Features 12m head**
- **Additional hose lengths available**

Code	S219803
Product Details	250 Litres/minute Pump Speed. W/w 50mm x 6m Outlet Hose
Decibel Level	65
Power	110V
Weight	16kg
Dimensions	220mm(L) x 150mm(W) x 420mm(H)

First Day	Two Day	Week
£67.20	£89.60	£112.00

Subject to trade terms where applicable

See page 4 for further details

Damp-Proof Injection Pump

For inserting fluid into walls, creating a membrane to stop damp rising.

- **Preparation involves removing renderor plaster and drilling 10mm holes in the brick or mortar joints**

Code	S220708
Decibel Level	65
Power	110V
Weight	23kg

First Day	Two Day	Week
£84.00	£112.00	£140.00

Subject to trade terms where applicable

See page 4 for further details

Drain Cleaner

Clears blockages in pipes and awkward bends.

- **Unblocks minimum 50mm pipe**
- **4m long spiral with cutter head**

Code	S218505
Decibel Level	75
Power	110V
Weight	58kg
Dimensions	200mm(D) x 500mm(W) x 500mm(H)

First Day	Two Day	Week
£79.20	£105.60	£132.00

Subject to trade terms where applicable

See page 4 for further details

Duct Rod

Hire Extra

Made from fibre glass, this high strength rod is flexible enough to cope with bends yet sufficiently rigid to push-feed through pipes, ducting channels or behind machinery and other obstacles.

Working Length	**120m**
Diameter	9mm
Weight	30kg

See page 4 for further details

Heating System Power Flush Unit

Fluid available in branch

A professional descaling unit designed to flush out central heating systems.

- **Each kit complete with all fittings**

Code	**S218507**
Capacity	50 litres
Decibel Level	63
Power	240V
Weight	37kg
Dimensions	520mm(Dia.) x 970mm(H)

First Day	Two Day	Week
£88.80	£118.40	£148.00

Subject to trade terms where applicable

See page 4 for further details

Ratchet Hand Threaders

- **Supplied with 13mm - 25/32mm dies**
- **Can be used in conjunction with pipe vice and stand**
- **Compact design and enclosed ratchet mechanism is ideal for work in confined spaces**

Code	S218512	S218513
Product Details	13 - 25mm. 32mm (Dia.) Cutting & Threading Capacity	13 - 32mm
Weight	10kg	18kg
First Day	£39.60	£42.00
Two Day	£52.80	£56.00
Week	£66.00	£70.00

Subject to trade terms where applicable

See page 4 for further details

Pipe Freezing Kits

Enables you to repair plumbing systems without the need to drain them.

- **Portable**
- **Freezes pipes between 15mm to 42mm in diameter**
- **Ensure cold water in pipes is not flowing prior to use**

Code	S218502	S218501
Power	110v	240v
Weight	23kg	23kg
First Day	£88.20	£88.20
Two Day	£117.60	£117.60
Week	£147.00	£147.00

Subject to trade terms where applicable

RCD

See page 4 for further details

Pipe Vice & Stand

Securely grips pipes whilst cutting or threading.

- **Stable stand mounted vice**
- **Adjustable to grip various size pipes**
- **Sturdy construction**

Code	S218529	
Weight	26kg	
First Day	Two Day	Week
£24.60	£32.80	£41.00

Subject to trade terms where applicable

See page 4 for further details

Conduit Bender

Accurately bends steel conduit without flattening.

- **Easy to use**
- **Stable tripod support**
- **Forms and guides included**

Code	S218518	
Product Details	Bends up to 32mm	
Weight	26kg	
First Day	Two Day	Week
£42.00	£56.00	£70.00

Subject to trade terms where applicable

See page 4 for further details

Welders - Electric

Range of general purpose Mig and Arc welders available for a range of welding applications.

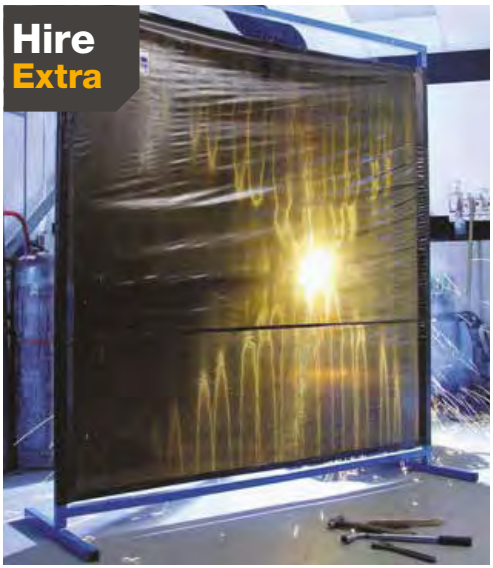
- **Supplied with electrode holder, earth clamp and face mask**
- **Infinitely variable from 30amps to 140amps**
- **10, 12 and 14 gauge rods available**
- **Other sizes available**
- **Welding masks required when using this equipment**

Code	S218602	S218601	S218603
Product Details	Arc - 140Amp	Arc - 140Amp	Mig
Power	110V	240V	240V
Weight	18kg	18kg	25kg
First Day	£72.00	£72.00	£69.00
Two Day	£96.00	£96.00	£92.00
Week	£120.00	£120.00	£115.00

Subject to trade terms where applicable

See page 4 for further details

Welding Screens



Portable and lightweight to allow total mobility and safe working, 2m².

Code	343884

See page 4 for further details

Subject to trade terms where applicable

Mini Excavators

See page 4 for further details

A tracked mini excavator which is suitable for all trenching work up to a depth of 2m.

- **Various bucket sizes available: 300mm, 450mm and 600mm**
- **Models available to dig up to 2044mm in depth**

Code	S218001	S218002 (shown)
Product Details	0.75t	1.5t
Decibel Level	90	94
Power	Diesel	Diesel
Operating Weight	950kg	1634kg
Dimensions	2310mm(H) x 700mm(W) x 2682mm (L) with dipper (1165mm(L) without)	2318mm (H), 980mm (W), 3346mm (L) with dipper (1384mm (L) without)
First Day	£288.00	£307.20
Two Day	£384.00	£409.60
Week	£480.00	£512.00

Subject to trade terms where applicable

Rotovator

See page 4 for further details

Very robust and powerful. Ideal for contractor or domestic use.

- **Cultivates large areas**
- **Handlebar height can be easily adjusted for operator safety and comfort**
- **T lever allows handlebars to be offset to the side to avoid walking in cultivated ground**

Code	S220507
Product Details	520(L) x 229(D) mm cut dimensions
Decibel Level	85
Vibration Level	5 m/s^2
Power	Petrol
Weight	105kg
Dimensions	1700mm(L) x 600mm(W) x 900mm(H)

First Day	Two Day	Week
£139.20	£185.60	£232.00

Subject to trade terms where applicable

Rotary Mower

A 5hp mower for cutting grass.

- **Can be used on wet grass**
- **Large grass collector**

Code	S220519
Product Details	510(W) x Adjustable from 30-15(D) mm
Decibel Level	100
Vibration Level	12 m/s^2
Power	Petrol
Weight	40kg
Capacity	65 Litres Grass Collection Bag

First Day	Two Day	Week
£33.00	£44.00	£55.00

Subject to trade terms where applicable

See page 4 for further details

Cultivator/Tiller

Ideal for garden borders, allotments and vegetable plot cultivating.

- **Adjustable drag bar for easy depth control**
- **Adjustable handlebars for operator comfort and safety**

Code	S220506
Product Details	640(W) x 200(D) mm Dig Dimensions
Decibel Level	86
Vibration Level	7 m/s^2
Power	Petrol
Weight	75kg
Dimensions	1400mm(L) x 700mm(W) x 840mm(H)

First Day	Two Day	Week
£81.00	£108.00	£135.00

Subject to trade terms where applicable

See page 4 for further details

Turf Cutter

For removing large areas of turf in preparation for pipe/cable laying or landscape gardening.

- **Adjustable depth of cut**
- **Artificial grass available in branch**

Code	S220530
Product Details	300mm(W) x 25-40mm(D)
Decibel Level	86
Vibration Level	4 m/s^2
Power	Petrol
Weight	93kg
Dimensions	1700mm(L) x 670mm(W) x 970mm(H)
Cutting Dimensions	300mm(W) x 25-40mm(D)

First Day	Two Day	Week
£126.00	£168.00	£210.00

Subject to trade terms where applicable

See page 4 for further details

Turf Aerator

See page 4 for further details

Durable lawn aerator suitable for aeration of turf and promotion of regrowth.

- **Can be fitted with either hollow corers or solid spikes**
- **Tines can be changed from spikes to corers in under 5 minutes**

Code	**S220534**
Product Details	400mm working width with tine depth adjustment from 9-11cm
Decibel Level	86
Vibration Level	5.4 m/s^2
Power	Petrol
Weight	90kg
Dimensions	1000mm(L) x 640mm(W) x 680mm(H)

First Day	Two Day	Week
£126.00	£168.00	£210.00

Subject to trade terms where applicable

Scarifier

See page 4 for further details

For aerating lawns, removing moss and debris to allow for new growth.

- **Large capacity collection bag**

Code	**S220522**
Product Details	450mm working width
Decibel Level	86
Vibration Level	6 m/s^2
Power	Petrol
Weight	50kg

First Day	Two Day	Week
£79.20	£105.60	£132.00

Subject to trade terms where applicable

Stump Grinder

See page 4 for further details

For removal of tree stumps after felling.

Code	**S220528**
Decibel Level	85
Vibration Level	4 m/s^2
Power	Petrol
Weight	118kg
Dimensions	1700mm(L) x 640mm(W) x 1250mm(H)

First Day	Two Day	Week
£186.00	£248.00	£310.00

Subject to trade terms where applicable

Hedge Trimmers

For trimming hedges where no electrical power source is available.

Code	S220525	S220526
Product Details	Standard	Long Reach
Decibel Level	96	88
Vibration Level	2 m/s^2	5 m/s^2
Power	Petrol	Petrol
Weight	5.5kg	6.9kg
First Day	£57.00	£72.00
Two Day	£76.00	£96.00
Week	£95.00	£120.00

Subject to trade terms where applicable

See page 4 for further details

Brush Cutter

Portable strimmer designed to remove undergrowth.

- **Heavy duty**
- **Easy to use**
- **Supplied with harness**

Code	S220527
Decibel Level	89
Vibration Level	3 m/s^2
Power	Petrol
Weight	5.8kg
Dimensions	1800mm Overall Length

First Day	Two Day	Week
£69.60	£92.80	£116.00

Subject to trade terms where applicable

See page 4 for further details

Garden Blower

Leaves, clippings and rubbish can be blown into a pile easily with this petrol driven blower.

- **4 position airflow director**
- **Complete with harness**

Code	S220503
Product Details	4 Stroke Engine
Decibel Level	98.5
Vibration Level	2.5 m/s^2
Power	Petrol
Weight	10.8kg

First Day	Two Day	Week
£57.60	£76.80	£96.00

Subject to trade terms where applicable

See page 4 for further details

Post Hole Borer

Petrol and manual borers suitable for boring holes in soil or clay.

- **Ideal for fencing or tree planting**
- **Various sized augers**
- **One man operation - quick and easy to use**
- **Creates holes up to 200mm diameter**

Code	S220513
Product Details	Drive
Decibel Level	92
Vibration Level	2 m/s^2
Power	Petrol
Weight	9.9kg Without Auger
Dimensions	400mm(L) x 530mm(W) x 365mm(H) Without Auger

First Day	Two Day	Week
£82.80	£110.40	£138.00

Subject to trade terms where applicable

See page 4 for further details

Chippers/Shredders

- **Compact**
- **Easy to manoeuvre**

Code	S220516	S220517
Product Details	75mm - Max Infeed	90mm Capacity Chipping, 20mm Capacity Shredding
Decibel Level	103	104
Power	Petrol	Petrol
Weight	188kg	188kg

First Day	£126.60	£135.00
Two Day	£168.80	£180.00
Week	£211.00	£225.00

Subject to trade terms where applicable

See page 4 for further details

Towable Chipper

Robust chippers for tough foliage collection. Not suitable for the chipping of contaminated timber.

- **Tracked models available.**

Code	S220518
Product Details	Road Tow
Decibel Level	102
Power	Diesel
Weight	470kg

See page 4 for further details

Training, Hire Services & Information

@TravisPerkinsCo

facebook.com/TravisPerkinsCo

Need Training?

Working on site can present specific challenges from which you and your colleagues could benefit from receiving extra advice or training.

To support you along the way, we offer a whole range of training courses to help you get the job done, including PASMA & IPAF Training.

Contact us on 0344 892 3355 to book a course or find out more.

Nationwide Platforms
for hire
Nationwide Platforms

Dust Regulations

Control of Substances Hazardous to Health (COSHH) Regulations 2002

These regulations are designed to help prevent exposure to crystalline silica and construction dust or, where unavoidable, to control airborne exposure limits to 0.1mg/m3 per 8 hour TWA. Under COSSH rules, a qualified person must carry out a risk assessment for any activity that might cause dust exposure.

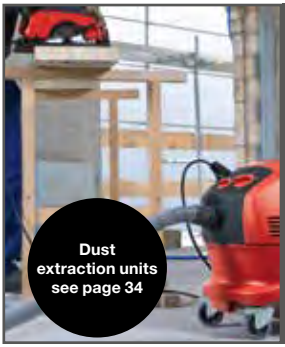
Your risk assessment must include:

- Analysing your workplace to identify any hazardous substances or likelihood of extreme dust exposure
- Dealing with any hazards and eliminating risks as far as possible
- Making sure you and your workforce are safely equipped to do the job by eliminating, reducing, isolating and controlling dust or using PPE and discipline
- Giving your staff information and training on relevant hazards
- For full details of the Control of Substances Hazardous to Health (COSHH) Regulations 2002 visit **www.hse.gov.uk**

Engine Fumes

The regulations mean you must:

- Using this equipment indoors or in confined spaces could cause fatal carbon monoxide poisoning.
- Never use it in domestic premises
- Only use it in other indoor situations if it's suitability and the ventilation required has been fully assessed.
- Mechanical extraction ventilation will always be required.



Dust/Spray Mask
You'll find this PPE symbol next to hire products that could produce harmful amounts of dust.

Noise Regulations

The Control of Noise at Work Regulations 2005

These regulations aim to make sure that workers are protected from excessive noise which could result in hearing loss.

The regulations mean you must:

- Assess the risk to workers' health if noise exceeds 80 decibels
- Provide hearing protection if average daily or weekly noise exposure exceeds 85 decibels
- Not expose employees to noise louder than 87 decibels, taking into consideration any reduction in exposure from hearing protection

Ear Defenders
You'll find this PPE symbol next to hire products that require you to use ear protection. You can buy ear defenders from any of our branches. Please refer to the Health & Safety Executive for full details and your responsibilities under The Control of Noise at Work Regulations 2005.

Hand/Arm Vibration

Hand/Arm Vibration is vibration transmitted from handheld, powered work equipment into the operator's hands and arms. Regular or excessive exposure can lead to Hand Arm Vibration Syndrome, or White Finger Disease.

Hand Arm/Vibration Syndrome (HAVS)

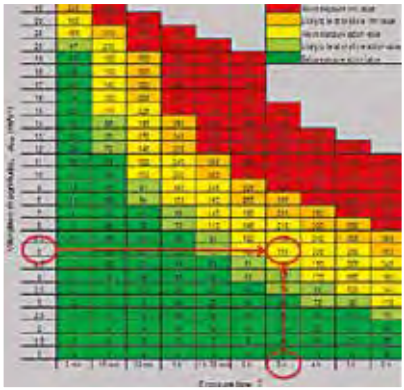
HAVS affects the joints, muscles, nerves and blood vessels of the hand, wrist and arm. The symptoms are tingling in the fingers and a reduced ability to work in cold or damp conditions. You'll notice your fingers becoming numb and turning white, and a loss of strength in your hands. You might also experience pain, distress and sleep disturbance. You're at risk of HAVS if you regularly use handheld power tools and machines.

Ready-Reckoner

The HSE recommend the use of the following 'ready reckoner' table to calculate daily vibration exposures. All you need is the vibration magnitude (level) available on the relevant product table within this brochure and the exposure time. The ready-reckoner covers a range of vibration magnitudes up to 40 m/s^2 and a range of exposure times up to 10 hours. The exposures for different combinations of vibration magnitude and exposure time are given in exposure points instead of values in m/s^2 A(8). You may find the exposure points easier to work with than the A(8) values:

- Exposure points change simply with time: twice the exposure time, twice the number of points;
- Exposure points can be added together, for example where a worker is exposed to two or more different sources of vibration in a day;
- The exposure action value (2.5 m/s^2 A(8)) is equal to 100 points;
- The exposure limit value (5 m/s^2 A(8)) is equal to 400 points.

Using the Ready-Reckoner



Please be aware that the hand arm vibrations listed in this brochure are for guidance only and are subject to change. Please refer to the manufacturers guidelines before using the ready-reckoner or commencing any work based on its recommendation. The above table is also a guide and subject to change at any time. Please refer to the HSE website for up to date information. Travis Perkins cannot be held responsible for any injury caused by procedures that have been followed based on the above information or the vibration information provided within this catalogue.

1. Find the vibration magnitude (level) for the tool or process (or the nearest value) on the grey scale on the left of the table.
2. Find the exposure time (or the nearest value) on the grey scale across the bottom of the table.
3. Find the value in the table that lines up with the magnitude and time. The illustration shows how it works for a magnitude of 5 m/s^2 and an exposure time of 3 hours; in this case the exposure corresponds to 150 points.
4. Compare the points value with the exposure action and limit values (100 and 400 points respectively). In this example the score of 150 points lies above the exposure action value.

The colour of the square containing the exposure points value tells you whether the exposure exceeds, or is likely to exceed, the exposure action or limit value:

5. If a worker is exposed to more than one tool or process during the day, repeat steps 1 – 3 for each one, add the points, and compare the total with the exposure action value (100) and the exposure limit value (400).

Working at Height Regulations 2005

The regulations aim to help you manage and select the most appropriate equipment for working at height. The regulations apply to anyone, anywhere, at any height and at all times – whether you're employed, self-employed or a subcontractor.

It's important to note that anyone working unsafely at height can be prosecuted even if no injuries result. IPAF training available through Travis Perkins - just call 0344 892 3355 for more information.

What you need to do:

The Working at Height Regulations require you to follow a simple three step process:

1. Avoid

Could you use other equipment, such as extendable tools or lifting equipment, instead of working at height?

2. Prevent

If you've decided that it's absolutely necessary to work at height, you must do everything you can to prevent a fall:

- Thoroughly plan and organise the work before you start
- Make sure all employees/contractors involved in the job are competent
- Carry out a full risk assessment on the job, work environment and surfaces
- Use this to select the most appropriate safety equipment, or other measures

3. Minimise

Minimise the consequences of a fall by using the appropriate safety equipment or other measure correctly, and making sure all equipment is properly maintained and inspected.

Manual Handling Regulations

The Manual Handling Operations Regulations 1992 are designed to reduce the risk of injury through a wide range of manual handling activities, including lifting, lowering, pushing, pulling and carrying.

Heavy manual labour and manual materials handling can increase the risk of musculoskeletal disorders including:

- Lower back pain
- Joint injuries
- Repetitive strain injuries

These types of injuries affect around 1 million people in the UK every year. Workers tend to be at increased risk of manual handling injuries in environments such as building sites, factories and warehouses.

What the regulations mean for you and your business:

Employers must, as far as is practical:

- Avoid the need for hazardous manual handling
- Assess the risk of injury from any unavoidable hazardous manual handling
- Reduce the risk of injury from hazardous manual handling
- Consider using mechanisation or handling aids such as conveyors, pallet trucks and hoists

Employees must:

- Follow appropriate work systems laid down for their safety
- Make proper use of safety equipment
- Co-operate with their employer on health and safety matters
- Tell their employer if they identify hazardous handling activities

We can supply everything you need to help you comply with the Working at Height Regulations 2005, including safety harnesses and a full range of PPE.

See Access Equipment on pages 78 – 87 and Powered Access on pages 88 – 96.

We also offer training – call us on 0344 892 3355 for more information.

Hire Rates

As part of our flexible hire service, we offer different rates based on how long you need an item. The longer you want it, the better the value! You'll find our rates, as defined below, next to each item in this brochure.

- **First day**
  Hire rate for the first 24 hours from collection or delivery
- **Two day**
  Hire rate for 48 hours from collection or delivery
- **Week**
  The maximum rate for each 7 day period of hireAll hire rates shown are exclusive of VAT and subject to trade terms where applicable.

Payment Options

It's simple to pay for your hire equipment with our choice of payment methods.

Travis Perkins Credit Account

Our Credit Account lets you spend up to an agreed limit and settle your bills monthly.

You'll benefit from:

- Trade discounts and the ability to negotiate lower rates on frequently-hired items
- Consistent prices across all branches
- Online invoicing and account payments
- No deposit required when hiring tools and equipment
- Fast, efficient delivery to your site

To request a Credit Account, please download an application form at **www.travisperkins.co.uk** or pick one up at your local branch.

Travis Perkins Trade Cash Card

Our Trade Cash Card benefits include:

- Trade discounts and the ability to negotiate lower rates on frequently-hired products
- 'Pay as you go', so you stay on top of your outgoings
- Use on all products in any Travis Perkins branch

Ask your local branch about opening a Trade Cash Card and start saving today.

Debit or Credit Card

You can also pay by debit or credit card in any of our branches. For your protection, we'll need to see two forms of identification when you order and collect your hire equipment. Deposit required. Please ask in branch or details.

VISA MasterCard Maestro

For more information on any of our payment options, please contact your local Hire branch. You'll find their details on pages 161 - 170.

SafeHire

Travis Perkins is accredited with the Contractors Health and Safety Assessment Scheme (CHAS) having demonstrated compliance with, and sound management of, basic health and safety legislation in the following areas:

Organisational Management Standards

- Organisational management & corporate social responsibility
- Risk management
- Financial control

Management Processes & Systems

- Quality management
- Occupational health
- Sustainability
- Health, safety & welfare
- Environmental impacts
- Document control & data protection

Management Functions

- Responsibilities & accountability (all employees)
- Training & development
- Managing employees
- Communication

Customer Service & Safe Provision

- Customer service standards
- Control of hazardous substances
- Supply of hire equipment (point of hire)
- Transport & distribution

Head Office: Lodge Way House, Lodge Way, Northampton. NN5 7UG **Tel:** 01604 752424
